

A B S T R A C T

A METHOD OF CONTROLLING ACCESS RIGHTS IN A CELLULAR
MOBILE RADIO SYSTEM

5 A method of controlling access rights in a cellular
mobile radio system, including transfer of roaming
agreement information from a core network to a radio
access network of said system, in which method said
roaming agreement information is transferred
10 independently of the management of radio access bearers
at the interface between the core network and the radio
access network.
